

### **La Estrada 2015**

La Estrada 2015 shows amazing complexity and purity. The texture of this wine, formerly the core of Altos Lanzaga, delivers the perfect expression of a mostly tempranillo blend in a quite extreme vintage like the 2015.

This tiny vineyard of only 0,64 Has, at 610 mts. height, is situated in the higher plateau of the village of Lanciego and has very swallow soil. This height allows to have a fantastic freshness and balance, specially when we have a dry and hot vintage like it was the ripening period of the 2015 one.

Dated from the 40's and managed with traditional bush pruning. It was mostly field blended with Tempranillo and some Graciano. La Estrada is situated in the most western part of the village facing north east, on top of a pure slope of chalk clay. This special vineyard has always admired us, because of its depth and balance.

The 2015 only helps to improve the intensity and expressiveness of the wine. Complex, deep and elegant. La Estrada 2015 is an amazing wine with the character of this special vintage.
